Probability and Statistics		

Experience

Ripley Store Spa

Sales Advisor, Ripley Mall Alto Las Condes

Laborer internship required as part of my studies of engineering. My tasks included order and replenish products in the store as well as advising clients in their purchases.

Santiago, Chile

Dec, 2017 – Jan, 2018

Pontificia Universidad Católica de Chile

Teaching Assistant, IIC1103 - Introduction to Programming

Obligatory programming course for engineering students at Pontificia Universidad Católica de Chile. The course is oriented to teach students from the basics of computer science and algorithmic thinking using Python as programming language. My tasks consisted in the revision of course material for the students along with attending a weekly laboratory with the purpose of answering questions supporting student learning experience.

Santiago, Chile

Mar, 2018 – Jul, 2018

Tzeirei - Ami

Volunteer, Youth Movement
